PHONICS RESULTS 2015

All children across the country are tested on their Phonic Knowledge at the end of year 1. Phonics is a way of teaching children to read quickly with accuracy.

A drop of 20% from 2014 has resulted in an intensive phonic support programme being introduced to ensure all of the children now in Year 2 catch up and pass the phonics re-sit in June 2016.

To help the children who have specific speech and language difficulties we have employed a school speech therapist to work with and support the children and their phonics development.

100% of the children in Year 2 2015 that were re-tested achieved the required standard.
