

Governors Equality Objectives

Our Equality Objectives are central to our school's Mission.

Our Mission Statement

We stand united in our faith with the courage to build a loving world of truth, justice, peace and wisdom.

The Governors of our school, after careful consideration, decided to link our Equality Objectives to raising the achievement of our children who are more vulnerable to not achieving well because of a range of characteristics that impact upon their access to and readiness to learn. The Governors of our school want us to remove any barriers to learning to enable all children to be able to achieve well and live their lives fully.

Furthermore, the Governors of the school want us to provide a curriculum that celebrates and embraces our diversity, where everyone can feel included and be inspired to achieve well.

As outcomes for our policy and objectives we strive to ensure:

- All pupils are treated equally and as favourably as others.
- All reasonable adjustments are made to promote equal opportunity and equal treatment of all members of the school community.
- All pupils have their individual needs met, taking full account of their age, disability, gender, gender-identity, race, religion or belief and sexual orientation in accordance with the requirements of The Single Equality Act 2010
